

Session Program

19-22 Dec 2023

The 6th EicC CDR workshop

Accelerator Summary

Huizhou (Guangdong), IMP-Huizhou

Thursday 21 December

09:00

Accelerator Summary

Session | **Location:** Huizhou (Guangdong), IMP-Huizhou

09:00–09:30

Updates on general design of EicC accelerators for high integral luminosity and spin flip

Speaker

Prof. Jie Llu

09:30–10:00

Research on the electron collision ring of EicC

Speaker

Dr Mingxuan Chang

10:00–10:30

Updates on ion collider ring optics and collision schemes

Speaker

Dr Lei Wang

10:30–11:00

polarized electron in dual spin directions and hadron polarization maintenance

Speaker

Dr Minxiang Li

11:00
