

Session Program

30 August 2026 to 1 September 2026

Workshop on Tau Physics at Belle II and STCF
Precision of hadronic tau decays

Tuesday 1 September

08:30

Precision of hadronic tau decays: Precision of hadronic tau decays

Session | Convener: Petar Rados

08:30–09:15

Quest for precision in hadronic cross-sections and CVC tests

Speaker

Gabriel Lopez Castro

09:15–10:00

Radiative effects in hadronic tau decays

Speaker

Denis Epifanov

10:00
