

Session Program

30 August 2026 to 1 September 2026

Workshop on Tau Physics at Belle II and STCF

Hadronic tau decays

Tuesday 1 September

10:30

Hadronic tau decays: Hadronic tau decays

Session | Convener: Lianrong Dai

10:30-11:00

Electromagnetic correction of hadronic tau decays and its implication for muon $g-2$

Speaker

Prof. Zhi-Hui Guo

11:00-11:30

Measurement of the branching fractions of hadronic tau-lepton decays ($\tau \rightarrow h h \nu$ with $h=\pi, K$) at Belle

Speaker

Alexander Bobrov

11:30-12:00

Hadronic tau decays at higher orders in QCD

Speaker

Gauhar Abbas

12:00
